

HAILO MASTER A60

The lightweight and sturdy aluminium lean-to ladder with wide steps for ergonomic, comfortable and safe working.

THE KEY FEATURES

- High stability with low weight
- Wide, non-slip steps for safe ascent and comfortable standing even for prolonged work sessions
- Broader spacing between the rails for greater freedom of movement
- Shin-friendly rounded front step edges
- Sturdy step/rail connections
- Anodised steps and rail profiles for elevated weather resistance and easy cleaning
- Ergonomic rail design with a comfortable grip
- Rail geometry protects step/rail connections from damage during transport
- Large, non-slip 2-component plastic feet
- Wide crosspiece with non-slip, large-surface plastic feet for particularly high stability (from 12 steps)
- Large wall contact area with non-slip surface
- Feet easy to change
- Suitable for use as a workspace in compliance with TRBS 2121-2 (German technical rules for operational safety)
- Tested to EN 131
- Max. load capacity 150 kg

SPECIFICATIONS

Can be used as lean-to ladder	✓
TRBS 2121-2	✓
Non-slip feet	✓
Material	Aluminium / steel / plastic
Number of steps	9
Step depth (cm)	8 cm
Width/depth required for setting up lean-to ladder	40 cm / 95 cm
Max. working height	339 cm
Dimensions of packaging (HxWxD)	246 x 40 x 10 cm
Weight	6,9 kg
Load capacity	150 kg
